Dojo Etiquette

The Dojo is where we train, a place for respect, and an opportunity to practice and try things that are new. Many Families like to watch the Ninja's and Juniors and it is becoming noisy. This can be extremely confronting and distracting for all.

We ask for you to be respectful, quiet and refrain from noisy electronics and making comments. We also ask your children to remain quiet, to be respectful of all the students and remain seated at the back of the Dojo.

Parents are not required to stay. We keep all students in the Dojo until they are picked up.

Welcome to 2019

Hello Karateka, We have a big year ahead and we are already 3 weeks in

Our Ninja's and Juniors classes have increased and our new Karateka are doing awesome. It is important to remember that the first lesson can be really quite confronting - new people, new environment and learning new things.

It can take lesson 2 or 3 for them to feel like its not such a foreign environment and this is why our first lesson is always free and that we don't ask for membership or uniform to be bought until the 4th week

We will have our routine sorted and things will settle as students learn.

We do accept School Vouchers (you will need to apply online)

<https://nt.gov.au/leisure/sport/sport-voucher-scheme-urban>

We are focusing a lot on fitness this year so always bring plenty of water

Annual Membership

Annual Membership is due week 4 and is \$25 per Student.

Grading December 2018

Congratulations to our Ninjas, Juniors and Youth Seniors. We had a wonderful turn out with all of you showing awesome skill, determination and effort.

We have tentively worked out our schedule for 2019 but due to some issues with Sensei Dean's Work Roster we haven't finalised it yet.

Web site

Don't forget to become a member of our web page - it gives you access to the "Members" section

We will ask you who you are just to make sure. This is to ensure privacy as we only allow access to Active members.

We have a facebook page too - like it for up to date information
